

I wanted a hotel that aligned with my values. When I saw the inn's involvement with Kind Traveler's Every Stay Gives Back program and the support they give to Charlie's Acres in Sonoma County, California, it immediately was a 'hell yes I'm booking now' moment. It was truly heartening to see a business be so proactive in its charity work, provide fresh farm-to-table food, and be so wonderfully designed at every single corner of the property.
